CB-PMO®
certification

BECOME A GLOBAL PMO CONSULTANT...

The Certified Baseline PMO Consultant (CB-PMO®) credential is the most important industry-recognized certification for PMO professionals. Globally recognized and demanded, the CB-PMO® demonstrates that you have the experience, education, and competency to set up, manage and mature Project/Program/Portfolio Management Office (PMO).

This CB-PMO® certification program is based on Project Management Office (PMO) Guidebook (PMOGuidebook®) theory and best practices, paired with hands-on, real-world exercises delivered by experienced CB-PMO® authorized instructors.

Length: 21 Hours

Professional Unit: 21 hours/Professional Development Units (PDUs)

Text Book: Project Management Office (PMO) Guidebook (PMOGuidebook®)

PMO Global Institute Inc. is the global body for PMO certifications, representing global project management offices including project, program, and portfolio managers involved in defining, establishing, and running high-performing Project Management Offices (PMOs) in and across industry verticals.

This certification ensures the advanced knowledge to understand how PMO projects get rolled out in practical, complex environments to deliver strategic project initiatives. This high-level certification targets those PMO leaders, PMO managers, project team members, and all stakeholders involved in project environments. The course explains how PMOs add business value to the delivery of projects within programs and portfolios.

If you are a project management professional, you should seriously consider getting the CB-PMO® certification. PMO skills are in high demand, and certification confirms your competency. This CB-PMO® certification gives you the framework you need to create and develop a great PMO. The knowledge gained in the course will help you build skills from your existing and future work experience to become a highly competent PMO leader.

By the end of the course, participants will have demonstrated the use of the steps and techniques to design, establish, and deliver PMO services. Through a combination of formal training and exam-based knowledge assessment, certified CB-PMO® experts will be able to contribute to the successful operation of a PMO in any organization. Become a highly trained and highly skilled PMO professional!

Whether you are starting a PMO from the ground up or are looking to make improvements to your existing PMO, The Essential PMO Framework with take you through the ten modules and 26 core processes to develop a strong, results-driven PMO.

As part of the Module work, you will create a PMO Charter, adapt a PMO Health Check, review the Project Management Maturity Assessment and develop a PMO Roadmap, to name a few.

The course will equip you with the knowledge and tools to apply to your own PMO and prepare you for the CB-PMO Certification. After completing this course, you will be able to:

- Understand the CB-PMO® Framework and how to apply it to their organization to build a high-performance PMO.
- Know how PMOs add business value to the delivery of projects within programs and portfolios.
- Plan, establish, and deliver PMO services using a step-by-step approach.
- Know how to manage and mature a PMO in any organization.
- Monitor and control PMO services to ensure high levels of performance.
- Evaluate the effectiveness of a PMO and recommend improvements.
